Award-Winning Design Firm Owner a Self-Made Female Entrepreneur

AMHERST, OHIO -- Since starting her own business in 2008, Alicia Nicely has been making waves in her community both through her services and her passion for helping others. She is the founder and owner of Alicia Nicely Design LLC a full-service design firm for both print and online media.

A feature story on Alicia Nicely Design will give readers insight into a local business that is not only at the forefront of the industry, but also yields a look inside the life of a self-made female entrepreneur.

From internationally recognized clients such as Cedar Fair Entertainment Company (the parent company overseeing amusement parks including Sandusky, Ohio's own Cedar Point) and Rainforest Cafe – to serving small business owners and associations like Main Street Amherst and 5 Corners Bed & Breakfast, both of Amherst, Ohio – Nicely has worked with clients from a variety of backgrounds.

Nicely provides award-winning design services that make the most of what clients have to offer. This includes not only graphic design but also website design, electronic newsletters, logos, branding and more.

Her work has gained recognition, including from Heritage Ohio, which named Nicely the mastermind behind the 2012 Best Marketing Campaign. This award recognizes the visual marketing campaign Nicely spearheaded for Main Street Amherst.
